VERNON, B.C., THURSDAY, SEPTEMBER 15, 1932

\$2.50 Payable in Advance

Cartel Council Sets \$22.50 Ton Price on Bulk Macs To Meet The Competition by Three Shippers

Also Advances Shipping Date To September 12—Shippers Discuss Two Courses

The failure of three shippers to sign the cartel agreement is costing the Okanagan growers of McIntosh apples, \$ a ton. The Cartel Committee wished to recommend a price of \$27.50 the ton on McIntosh in bulk for extra large and small sizes, but the price of \$30.00, orchard-run, quoted by the three shippers outside the organization, made this impossible. The decision at the Cartel Council meeting on Thursday afternoon, in Kelowna, was that the price be \$22.50 for bulk-100's and 113's and larger, natural run of grades, including Household in sizes 138's and larger. No Household is to be packed. These prices were effective Monday, Sept. 12.

The loss which the growers will thus be forced to take cannot at present be estimated. It is known accurately what it will be per car, but it is not known how many cars may be shipped. Certain it is that the price of \$22.50 is not welcomed by the shippers and that they will not sell more cars than necessary to hold their connection. If Kowless, McPuffer and Casoré can be induced to sign the cartel, cancellation of this price is a foregone conclusion.

Two thoughts were strongly held at the meeting. One is that the non-cartel tonnage should be ignored. The other is that the price should be put at \$25.00 the ton to give the non-cartel shippers a real trimming with the idea of forcing them into the organization. Major McGuire outlines situation.

About 25 shippers were present when Chairman E. J. Chambers made a statement of the situation, the purpose of the meeting, and asked Major McGuire, manager of the cartel, to present the recommendations by the Cartel Committee and the reasons for their action. Major McGuire explained that it was originally intended to open Macs on September 20. This was when it was reasonably anticipated that all the shippers would come in and that it was found that Macs were saturating the market. It was thought possible, the date would be set forward reasonably, remembering the effect of the opening of McIntosh would have on the movement of the Wealthy apples. However, only 85 per cent. of the tonnage came into the cartel and it had been impossible to get in three shippers operating in the Kelowna district. It was the current report that these shippers were selling and shipping McIntosh in bulk, orchard run, at \$30 a ton.

One of the objections to the shipment of orchard run bulk is that it contains apples in sizes which are in demand for export, especially since the British preference and such apples would logically form a part of the sixty per cent. of the McIntosh which either must be exported or stored until the forty per cent. has been disposed of on the domestic market.

The Cartel Committee had met that morning and considered that in view

(Continued on Page 4, Col. 2)

RATEPAYERS FIND DIFFICULTY IN NAMING PRESIDENT

Next Meeting Will Be Held After Consent Has Been Obtained

Attendance at the meeting convened in the Board of Trade room last Friday evening for the purpose of forming a ratepayers' association was larger than on the occasion of two previous meetings called fruitlessly for the same purpose, but as yet no definite organization has been achieved, nor has the personnel of the executive been definitely decided.

Certain progress, however, has been made. A committee comprised of G. M. Reed, provisional chairman of the movement, A. A. Legg, and T. Netzel has been appointed to interview prominent men in the city prior to the presentation of a slate of officers. They will call the next meeting when ready to present their report.

The naming of this committee followed the unsuccessful attempt to elect a president at the Friday evening meeting. The majority of those whose names were favored were absent from the meeting, and hence the gathering had no assurance that such nominees would meet.

Among names suggested by the meeting were the two unsuccessful candidates at last year's mayoralty elections, ex-Mayor L. L. Stewart, and ex-Alderman E. B. Downer. Colonel R. Fitzmaurice, present at the meeting, was urged to accept the position, but he would not consent at the time. H. P. Beattie, also present, refused the appointment. Others prominently mentioned by various speakers were H. B. Monk, A. A. Legg, George Dobie, and Hubert Jones.

POPULAR PASTOR TO GIVE ADDRESS

On A Topic of Greatest Interest—Rev. G. O. Fallis Has Wide Contacts

"If a world crash came what shall we do?" is the topic with which Rev. G. O. Fallis, D.D., C.B.E., President of the United Church British Columbia Conference, and minister of the Canadian Memorial Church, Vancouver, will address in an address on Monday night. The address will be given in St. Andrew's church at 8 p.m.

Rev. G. O. Fallis has many wide contacts and is known as a most inspirational speaker. He is coming to Vernon as a part of a plan he has formed to visit the churches in the conference during his year of office. It is anticipated that there will be a very large attendance to hear his address.

CREAM CHEQUES FOR \$10,000 IN HANDS OF FARMERS

Co-operative Creamery Distributed Payments For Butter—Fat Delivered in August

Cream cheques for \$10,000 were mailed on Wednesday by the Okanagan Valley Co-operative Creamery Association and will be in the hands of the farmers in this district, this week.

The prices paid for fat shipped during the month of August are 46 per cent. higher than for the month of July. This big increase in price is said to be the result of substantial sales of butter at higher prices. The economy program of the association is progressing continuously and operating costs are down drastically from last year.

Butter markets have shown a very strong tone during recent weeks. Full advantage of the situation was taken by the management of the co-operative association. Prairie Provinces are now showing a big decrease in production. Northern Saskatchewan is now producing over 40 per cent. less butter than at this time last year.

The Fraser Valley Milk Producers' Association were forced to reduce the price paid members for the August period. They paid for sweet milk delivered daily only 25 cents per pound, less 7 cents for hauling, which made a net price to the farmer of 18 cents per pound plus 10 cents a hundred for skim milk.

NEW LEADER OF SALVATION ARMY IN B.C. COMING

Major Albert E. Dalziel To Be In Vernon On Friday, September 16

Recently appointed provincial leader of the Salvation Army, Major Albert E. Dalziel will conduct the services at the Salvation Army Citadel, Friday, September 16 at 8 p.m.

Major Dalziel has had an extensive experience in Canada and England, having been in charge of the training college at Winnipeg, provincial leader for Manitoba, and for a number of years associated with the Training College in London, England. He is an accomplished musician, having played in the International Staff Band for a number of years.

SHIPPERS DEMAND REPRESENTATION ON THE COUNCIL

B.C.F.G.A. Hears Capt. Burrows State Requirements By the Shippers

Fruit and vegetable shipping organizations in British Columbia were represented at the Canadian Horticultural Council. At the meeting of the executive of the B.C.F.G.A. on Thursday, Capt. Burrows, Secretary of the Council informed that body that the shipping agencies are not satisfied with the situation as it now is. Under it, the B.C.F.G.A. sends a representative and the vegetable growers also have a voice, strictly speaking the shippers have none. Last year to overcome this the Independent Shippers sent their own representative.

The cost of sending a member is about \$300 and of this, in previous years the association paid about \$100. There is now no government grant and the Council cannot function unless funds are provided.

To provide funds so that the Council may operate and the growers or organizations may be able to carry on, Capt. Burrows suggests the collection of compulsory car lot inspection fees, with a return of a portion of the sum to the Horticultural Council for the operations of that body and for the financing of the purely growers' organization.

NO DEMAND FOR VEGETABLES BY THOSE IN WANT

Committee Reports To City Council After Inquiry Into Demands, Last Winter

The committee appointed to enquire into the advisability of collecting and storing vegetables, for distribution to those in want this coming winter, and composed of Aldermen Morley, Bowman, and Hurt, together with Messrs. W. S. Harris and G. Whitehead, reported to the City Council on Monday, as follows:

At a meeting held on Thursday, August 25 this matter was carefully considered in all its bearings and the committee does not consider it advisable to take any steps in this direction on the following grounds, viz:

That with a very few exceptions the Relief Committee of the Council and the committee of the Community Chest experienced no demand for vegetables last winter, as most of our people grow their own, or are in the habit of laying in their winter supply during the fall.

That any able bodied man, should have no difficulty, if he half tries, in laying in a sufficient stock of vegetables to cover the requirements of those dependent upon him in a district such as this where so many thousands of tons are grown.

That our committee is of opinion, that if the city did decide to collect a quantity of vegetables for relief purposes, it would automatically create a demand for them as was shown by the experience of the committee of the Community Chest last winter. When they first started, groceries, etc. were given away on request, but the demands for relief were so many and insistent that it was decided to ask for work to be done, in exchange for groceries, etc., the result of which was, that many who had claimed they were destitute and "had received relief," did not apply for relief any more.

In conclusion, your committee has had it drawn to their attention that some are not taking advantage of the opportunities for work which come their way, notwithstanding the fact, that they claim to be absolutely destitute, and have little children depending upon them.

Appeal by Mayor

Mayor E. W. Prowse, in commenting on the report of this committee, appointed to enquire into the desirability of collecting vegetables for the needy this winter, is satisfied that they have drawn up a fairly conservative report on the situation, and calls upon those men who are not doing their best in a difficult time "to play the game" and back up the efforts made by others to alleviate the distress of those who are unable to help themselves.

"This slump in business is hitting everyone, and each one of us has his load to carry. This is not the time for anyone to lie down on the job, and I make this appeal to the residents of our City, to do their utmost to lay in a supply of mixed vegetables, for their winter requirements.

"While the call for subscriptions for relief purposes may be a generous one, many of our citizens, however willing, would not be able to donate so freely now.

"Therefore I again ask those who have taken no steps towards securing their winter supply of vegetables, to do their best to supply their needs during the next month or six weeks, while the crops are being harvested.

"I feel sure that many farmers and others would be glad to give them potatoes, carrots, cabbage, etc., in return for a little work."

PATTULLO HAS NOT BEEN APPROACHED BY PREMIER TOLMIE

Regarding His Stand On Coalition Government—Declares Liberal Leader

Declaring that he had no communication whatever from Premier Tolmie regarding the proposed coalition government for British Columbia, T. Duff Pattullo, leader of the opposition, branded as a "one-sided bargain" such a proposal when visiting Vernon on Thursday of last week.

Addressing a meeting of Liberals from all parts of this electoral riding, originally scheduled for the supper room of the Scout Hall but which became so large that it was necessary to adjourn to the main auditorium, Mr. Pattullo condemned the recent suggestions of the government as regards a coalition administration.

"Surely coalition government should take cognizance of the opposition," he remarked. But apparently Premier Tolmie has decided to confer with me only after the bargain has been completely arranged."

The leader of the opposition charged that the present government, with its large majority, is through its own coalition proposals merely attempting to ensure a continuation of one-sided control.

Throughout a busy two weeks, Mr. Pattullo explained, he visited 16 constituencies in each of which marked interest was displayed in his discussions of the British Columbia situation.

The Interior Fair

Better Sell Larger Size Apples Than To Plant More Trees Thus Creating Even Larger Surplus

Capt. L. F. Burrows Advises Shippers When Asking Money For Advertising

Advertising calculated to induce Old Country buyers to take larger sized apples than the present demand over there calls for is the cheapest and best way of increasing the supplies which the Dominion may send over, was the statement of Capt. L. F. Burrows, Secretary-Treasurer of the Canadian Horticultural Council, addressing the meeting of the Cartel Council in Kelowna on Thursday afternoon last.

Capt. Burrows said it is doubtful if new plantings are advisable for this market until it has been more thoroughly explored. He asked the Council members to take up the challenge offered by the Department of Trade and Commerce, and to pay \$4,000 as its share towards securing the expenditure of the \$25,000 the department offers to spend in advertising on the export market. It is logical to ship more of the apples we grow and of which we have a surplus rather than to plant more trees to still further increase this surplus. If this vote is allowed to lapse, said Capt. Burrows it is doubtful if it can be again secured.

Australia, New Zealand and South Africa ship their entire crops. There are no export sizes there, neither is there in Eastern Canada.

Success attending advertising by the California orange growers was quoted as showing what can be done. One year there was a surplus of small size oranges. That year the advertising was directed towards creating demand for small oranges. Another year it was large size oranges. In both cases the advertising was effective.

The suggestion was made to collect \$1 a car from the shippers and another dollar from the jobbers.

The Horticultural Council has plenty of work to do, but Capt. Burrows declared they were willing to take on this extra work in the interests of the members.

Willingness of the Associated Growers to pay if the others did, was expressed by E. J. Chambers. Last year the Associated put up \$2,100 and the Independents \$1,900.

The money was expended under direction of a committee of which J. Forsyth-Smith, members George Barrett is also a member, and is Mr. Fulton, a representative of the Department of Trade and Commerce, and one from Nova Scotia. The accounts have been audited and a financial statement published.

Export advertising was endorsed by a committee of those present and a committee was appointed consisting of P. Hayes, R. H. Macdonald and B. B. Staples. It was agreed that all or none should contribute.

When domestic advertising was considered there was not so much verbal opposition as there was lack of endorsement. It was agreed that it was not cartels business but that the same committee would make a canvass of the shippers and advise Capt. Burrows of the results achieved.

When A. T. Howe asked how it was that Australia puts all its apples on the Old Country market while B.C. cannot do this, it was explained that at their season there is no competition from the U.S. and that they get very low prices, at least this was true last year.

McCLUSKEY TAKES BIG SEAPLANE TO WINTER QUARTERS

After spending the week in Vernon, Captain W. R. McCluskey left last Monday morning for the Coast piloting the 7-passenger Junkers deluxe cabin seaplane which he has been operating between Burns Lake and McConnel Creek during the summer.

Captain McCluskey was scheduled to arrive at Kalamalka Lake on Friday afternoon, but it was not until shortly after 6 o'clock Saturday evening that he dropped the big plane to its berth south of the Country Club.

Accompanying the Vernon pilot on the flight here, and to the Coast, were Allan McAllister, representative of the Airland Manufacturing Company, owners of the plane, and Fred Stahner, the plane's engineer. Dr. B. C. Baldwin, J. H. Wink and Hazel Nolan were passengers on the hop from Vernon to the Coast.

Governor of Rotary District No. 1 Visits Vernon Club

REPLACEMENT OF PIPES TO BE MADE WHEN TIME COMES

City Council Has Plans For Work In BX and On Elm Street

"In due course the pipe in the BX and on Elm Street will be replaced," said Alderman White, Chairman of the Waterworks Committee, which statement concluded discussion of a proposal that replacement schemes be proceeded with now, at the meeting of the City Council on Monday night.

Taylor Street can not yet be authentically said to be non-existent. A by-law stating that the street does not now exist, nor never has in the past, received two readings at the meeting, but Alderman Hurt demurred upon the usual third reading.

He stated that he had not inspected the location of the allegedly mythical street, and wished to do so before giving his assent to the by-law.

Objects to By-laws.

Alderman Hurt also complained about the by-law reading system. "I can't see the sense in reading the by-law three times at one meeting," he said.

The appointment of Lee Handy to the position of City Electrical Inspector, by Alderman White, which statement with approval of the City Council, both men are employees of the West Canadian Hydro Electric Corporation, but Mr. Bradford's work carries him now more frequently out of town and the change of appointment was recommended by H. L. Taylor, of Vancouver, Inspector of Electrical Energy.

"We have the right to appoint our own inspector," remarked Mayor Prowse, "but we can't afford to retain such a civic employee. The arrangement with the West Canadian Hydro Electric Corporation should therefore, under the circumstances, be satisfactory."

There was prolonged debate before the offer of James K. McLaughlin of \$10, for lot 18, map 1220, on Mission Hill, was accepted by the Council.

Another offer accepted was that of Paul DeLono of \$75 for lot 33, block 60, map 327, on Tronson Street, adjacent to property he now owns.

Con Donnelly was also successful in offering \$25 for lot 17, map 460, on Knight Street. He plans erecting a small house and garage.

Support Elks Carnival.

The sympathetic support of the Council was promised K. W. Kinnard who spoke on behalf of the Elks Carnival which will be held again in the near future, for the purpose of raising charitable funds, principally for Christmas cheer.

The re-appointment of A. T. Howe and R. G. Kearney as directors of the Okanagan Valley Fruit Growers' Association Limited was ratified by the Council.

Glorious Fall Weather Marks Visit of Governor General and Lady Bessborough to Okanagan

Coming To Vernon

JUSTICE M. A. MACDONALD
To Deliver Address on Pacific Bowl to Canadian Club

SHOOTING SEASON OPENED BEFORE SUNRISE TODAY

Duck Hunters Early Astir—Buck-Deer and Blue Grouse Lawful To Kill

This morning, Thursday, at one hour before sunrise, the shooting season opened, sportsmen being able to hunt geese, ducks, and blue grouse for the first time this year.

The hour of sunrise announced at 5:47 a.m., while sunset today will be at 6:27 p.m. Shooting may continue until one hour after sunset, or 7:27 p.m.

Geese and ducks will be open until December 31, but the grouse shooting will end on October 15.

Sunrise will be approximately a minute and a half later and sunset a minute and a half earlier on successive days.

Ducks are reported as being plentiful in various places, Swan Lake in particular having a good quota. Their bag limit is 20 a day and 150 for the season.

Six blue grouse may be killed per day and the bag limit for the season is 50.

The shooting of deer also opened at sunrise today, Thursday, and will continue until sunset on December 15. Two bucks of any species except white-tails, may be shot during that period, and all hunters are warned to provide themselves with tags according to the new system, at the same time that they secure their licenses. Anybody found with a deer, without a tag, will be liable to prosecution.

FORSYTH SMITH VISITS VALLEY

To Maintain Contact With Shippers and Growers—Attended Economic Conference

J. Forsyth Smith, Canadian Government Fruit Trade Commissioner, is on a visit to the Okanagan Valley. Mr. Smith makes an annual trip from Kelowna and in former years has come into the Valley center in the year, visiting Ontario and Nova Scotia points en route east.

Mr. Smith, a former editor of the Vernon News, was the recipient of a handsome gold watch by the fruit men following the Imperial Economic Conference. He stated that the watch was a token of appreciation for his long and valuable service to the industry.

It is Mr. Smith's intention to stay in Vernon until the end of the week visiting with the shippers and growers and getting their viewpoint and telling them of the opportunities afforded in Old Country markets. From here he will go to Kelowna, and is leaving to return to Kelowna on September 23. He finds it necessary to be in England for the Imperial Fruit Show.

Canada and the other dominions have every reason in the opinion of Mr. Smith to be delighted with the outcome of the Imperial Economic Conference. Conclusions reached have to be ratified, but he pressed the opinion that this would be done and the preference will be of very great benefit. In future he sees the necessity for a change in the practice of shipping apples. Export sizes will be in keen demand and every effort must be made to satisfy the demand which exists in England for red apples in small sizes.

GLENNON GETS \$1,000. VICTORIA, B.C., Sept. 14.—Glennon Irrigation District will receive a loan of \$1,000 from the Provincial Government on the usual terms in irrigation advances, it was decided by government officials on Wednesday.

TO OPEN EXHIBITION

N. J. Christie, President of the Calgary fair, will officially open the Interior Provincial Exhibition at Armstrong next Wednesday afternoon.

It is anticipated that Mr. Christie will be agreeably surprised at the quality shown in the great Valley enterprise and that he will take back to the Prairie people information regarding the wonderful products and live stock.

Cenotaph Square Presents A Beautiful Scene For Civic... Welcome

In holiday guise, with flags flying, Vernon, on Wednesday afternoon, welcomed their Excellencies the Governor-General of Canada and the Countess of Bessborough, and other members of the vice-regal party.

The civic holiday, proclaimed by Mayor Prowse between noon and three o'clock in the afternoon, made it possible for a large number to gather at Cenotaph Square, where the public reception was held. Many visitors from the outlying district, moreover, were noted in attendance.

The party was about an hour late in arriving at Okanagan Landing from the south. Delay at Kelowna and a stop at Fintry, and stiff head winds on Okanagan Lake accounted for this.

As a consequence the luncheon at the Country Club was cut short. The distinguished visitors, however, greatly enjoyed their short stay at the beautiful spot on Kalamalka Lake, radiant under brilliant Okanagan sunshine, and had the opportunity of meeting members of the City Council, other citizens, and their wives.

Their Excellencies were greeted at Okanagan Landing by Mayor Prowse and Mrs. Prowse, and G. O. Nesbitt, President of the Vernon Board of Trade, at which time Mrs. Prowse presented Lady Bessborough with a bouquet.

Following luncheon the party proceeded to Cenotaph Square for the public function. The strains of "God Save the King," played by the City Band, hushed the large crowd as their Excellencies entered the Cenotaph enclosure, and "O Canada" was played as the party mounted to the platform.

Included in the vice-regal group were the Hon. Mrs. Gordon Ives, Secretary to Her Excellency; N. F. Lascelles, M.V.O., M.C., Secretary to the Governor-General; Major Eric D. Mackenzie, D.S.O., Comptroller of the Household; Lieut. D. H. Fuller, R.N., aide-de-camp; Captain R. Stuart-French, aide-de-camp; and Capt. Sir John Child, Bart., aide-de-camp.

Vernon residents upon the platform were Bishop and Mrs. Doull, Mayor and Mrs. Prowse, Mr. and Mrs. George Haggie, Mr. and Mrs. R. McQuay, Price Ellison, and G. O. Nesbitt.

"Your Excellency, on this your first visit to the Okanagan Valley," said Mayor Prowse, in his address of welcome, "we, the citizens of Vernon and surrounding district extend to you and Her Excellency the Countess of Bessborough, and to the other members of the vice-regal party, a most sincere and hearty welcome."

"In conveying to Your Excellency," he continued, "our expressions of unqualified respect, and deep admiration for your services to our Dominion, and through her to the British Empire, during these difficult times, we rejoice as a loyal and patriotic community to have on this happy occasion an opportunity to reiterate our united sentiment of unwavering devotion to the crown and person of His Majesty King George the Fifth."

"With local pride and satisfaction we draw the attention of Your Excellency to the fact that you have reached the centre of the most famous fruit growing section of the Canadian West, and also a highly progressive dairying industry, of which we are justly proud. We beg leave to show you the industrial plants in connection with their by-products, during your visit."

"We trust the scenic beauties and natural charms of our valley may so favorably impress themselves upon your memories that you may carry away many pleasant recollections of your visit to our city and district. Perhaps we are also warranted in stating that the loyal people of this district have always-entertained a full recognition of their privileges and responsibilities as a constituent part of the Great British Empire."

"The North Okanagan in which we dwell has perhaps not yet been so severely affected as many places in the Dominion, yet as the Mayor of this city I beg leave to call to the attention of Your Excellency the patience shown by our people in the face of the extended period of unemployment which is causing much hardship. We are earnestly looking toward those who have the power, to inaugurate programs which will give to our people the means of making a livelihood, thus renewing confidence and ending a feeling of assurance for the future, so necessary to the stability of any community or country."

"We again extend to you our most sincere and cordial welcome," declared Mayor Prowse in concluding. "We trust that during your sojourn in the Dominion we may see you furtherance of that policy from which will evolve a return to normal times in Canada and throughout the British Empire. We feel fortunate in having the benefit of your wise counsel and judgment as representative of the throne at our seat of government."

Reply By His Excellency

"As the representative of the King, I appreciate highly this message of loyalty to the throne," declared the Earl of Bessborough, in his reply. "Throughout the province," he continued, "I have found everywhere strong evidences of devotion to His Majesty and an abiding faith in the destiny of the British Empire, and I feel proud when I see such qualities displayed."

His Excellency commented on the spirit of courage and resolution displayed across the entire Dominion in the present period of economic stress, and stated that during the past eight months there has been a perceptible change for the better.

The satisfactory results of the Okanagan conference, he remarked, "have already created a new spirit within the Empire, and the process of improvement has commenced. But it will take time before the real benefits are manifested."

The fruit industry, His Excellency stated, is not forgotten at Ottawa. "Ita

MORE LAND MAY BE AVAILABLE NEAR WESTBANK

Many Conjectures Being Made As Survey of Indian Reserve Is Conducted

WESTBANK, B.C., Sept. 12.—It is noticed that surveyors are busy on Indian Reservation No. 9, and are at present surveying that portion of the reserve adjacent to Westbank townships, and adjoining fruit lots. Speculations are being made as to the possibility of further lands being thus thrown open for agricultural purposes here. Such a possibility has been talked of frequently during the past and would be a move in the right direction it is stated, as with additional storage in the hills, there will be an abundance of water available for irrigation.

Several members of Westbank Women's Institute attended the handicrafts exhibition sponsored by Kelowna Women's Institute and held in the Institute Hall at Kelowna on Thursday. Westbank was responsible for a "flower garden," the proceeds from which went to aid the Kelowna ambulance fund. This flower garden is a collection of the old style fish pond. Paper flowers are planted in sawdust beds and sold at ten cents. Attached to each flower and buried in the sawdust is a novelty of some sort.

Several Westbank people attended the opening ceremony of the pre-ventorium in Kelowna on Thursday afternoon. Two local residents are prominent in the work of this institution, Mrs. W. H. Moffat, former Western Supervisor of the Victorian Order of Nurses, who is Nursing Supervisor, and Miss Grace Angus, R.N. nurse in charge of the pre-ventorium.

Miss Elsie Hannam, R.N., of the staff of the General Hospital, Vancouver, is spending a holiday of several weeks at the home of her parents here, Mr. and Mrs. W. J. Hannam. Miss Winnie McIntosh, R.N., who also holds a position on the staff of that hospital, left for her home in Vancouver on Friday, after a fortnight spent with friends in Westbank.

The local packing houses are ready and waiting for the "Mac" rush now, and it is expected that by the end of the present week this variety of apples will be going over the graders and benches.

Miss Grace Hill, V.O.N., has once more taken up her duties in the Peachland-Westbank district, after a month's holiday spent in Banff and Calgary.

Mrs. M. A. Hewlett returned home on Sunday after spending the past couple of weeks in Kelowna, the guest of Mr. and Mrs. W. Sloan.

TRUCK OVERTURNS ON MONASHEE HIGHWAY

B. Jackson Thrown Wide and Escapes Serious Injury In Accident

LUMBY, B.C., Sept. 12.—B. Jackson, who is hauling poles for Bell Lumber Co., sustained an accident on Wednesday at midnight when the truck he was driving skidded on the road made greasy with heavy rain and overturned on the Monashee road near Hines' gas station. It was top heavy enough to go over the bank, as it was loaded with the trailer. The occupant was thrown wide, and received serious injuries to one hand.

Much sympathy is also felt for Mrs. A. E. Gynne, who sustained a heavy fall last week, breaking the two bones of her right forearm.

On Wednesday last the Lumby and District Women's Institute held its regular, monthly meeting and after the business portion of the meeting, enjoyed a few musical numbers given by the junior members. Mrs. W. Murphy, who had arranged to tell fortunes, was unavoidably detained and could not attend the meeting.

Miss Cecile Quesnel left on a trip to the Coast on Monday. A son was born to Mr. and Mrs. J. Wheeler on Monday at noon at the home of the grand-parents, Mr. and Mrs. A. E. Gynne.

A marriage took place over the week end between Miss Diana Christien, youngest daughter of Mrs. Percy Greaves, and the late Thomas Christien, of Lumby, and Frank Raymond Armstrong, of Armstrong.

EXPLOSIVES ARE PLACED ON TRACK NEAR SALMON ARM

Major L. Metford Makes Discovery—Suspect Named Hodgins Is Arrested

SICAMOUS, B.C., Sept. 13.—While driving along the Cariboo Highway, west of Salmon Arm, at 5 o'clock on Friday evening last, Major L. Metford, of Salmon Arm, observed a man bending over a rail on the C.P.R. tracks below, and then depart in a hurry into the nearby bush.

Major Metford's suspicions were aroused. He hurried down to where he had seen the man and discovered that a stick and a half of stumping powder capped and fused, had been placed on the rail.

He immediately took the explosive to Salmon Arm, leaving the stuff at the station. Chief Ackroyd, of the Salmon Arm police force, conducted a search, and succeeded in apprehending a man by the name of John Hodgins, at 7:25 p.m. on the same evening. The Provincial Police were also notified and are now handling the case.

Hodgins is an eccentric character, and has been living in the vicinity of Salmon Arm during the past three years. It is claimed that he had a shack near the right-of-way of the railway between mileage 67 and 68, near where the explosive was found, but C.P.R. section men had burned the abode during a clean up job for a fire break.

Experts claim that such a small amount of explosive as was placed on the rail would fail to do any considerable damage to a locomotive setting off the charge.

Major Metford failed to identify Hodgins as the culprit, when brought before him. Hodgins was taken to the Coast Tuesday for a month's surveillance.

Several parties of American Legionnaires, travelling over Canadian Pacific lines from the East, en route to the American Legion convention in Portland, Ore., passed through here on Thursday and Friday of last week.

Building Fish Trap
J. McHugh, of the Dominion Fisheries Department, is superintending the construction of a fish trap on the Eagle River at Malakwa.

Mr. and Mrs. A. H. Devonish are guests at the Sicamous Hotel. Mr. Devonish is head of the Hotel system, Western Lines of the C.P.R.

George Donaldson, of Revelstoke, accompanied by J. Sturdy and Stan Manning, of Revelstoke, is spending two weeks camping, fishing and hunting on the Shuswap lake.

Frank Kappel and his son, Stanley, made a week end trip to the French Creek Development Company's placer mine on the Big Bend. Mr. Kappel said it was a nice trip. He brought back a few samples of the gold, which is presented to visitors up there.

EWING'S LANDING TENNIS TEAM LOSES MATCH AT ENDERBY

EWING'S LANDING, B.C., Sept. 12.—Miss Eleanor Bower, of the hospital staff at Enderby, spent several days here last week, the guest of Mrs. B. Wood.

Mr. Cathcart drove down from Vernon on Thursday afternoon, bringing with him Mrs. and the Misses Wakefield and Miss Olive Ripley. They spent the afternoon at the "Cottages." Miss Eva Wakefield returned to Vernon on Friday morning.

Mrs. W. H. Colquhoun came up from Vancouver for the week end to stay with her mother, Mrs. A. H. Kenyon. While here she visited many of her old friends and neighbors, who were all very glad to see her again.

A tennis match took place on Saturday between the local club and Enderby, at Enderby. Ewing's Landing players were as follows: Mrs. F. E. C. Haines, Misses E. Pease, Violet Leckie Ewing, Evelyn Lawrence, and Peter Lawrence, W. V. Richards, Robin Kenyon, Fred Hemsworth. The honors went to Enderby after a hard struggle. Miss Pease remained in Enderby for the week end, where she and her brother Hugh stayed with Mrs. Proctor.

Fred Hemsworth left on Monday for his home in Vancouver, where he will shortly resume his studies at U.B.C. While here this summer Mr. Hemsworth was very active playing tennis.

Mr. and Mrs. J. F. Coulter, of Vancouver, were guests at the Forest House on Wednesday and Thursday. Mr. and Mrs. Coulter are on their wedding trip, and are staying at various points in the Interior on their way back to the Coast. Also at the Forest House last week were Dr. and Mrs. Jackson and Miss Jackson, of Lavington, and Mr. and Mrs. Applethorpe, of Vernon, who drove down on Thursday for the afternoon and tea, being joined here by Mrs. Hickman.

ADDITIONS TO OYAMA LIBRARY

Complete New Stock of Books Received—Anglicans Also Start Library

OYAMA, B.C., Sept. 12.—D. Dewar announces that he has received a complete new stock of books for the Oyama Library. The library is open for exchange of books every Saturday evening from 8 o'clock, in the back room of the Hall. This Saturday, however, the library will be open from 7 p.m. to 8 p.m., owing to the fact that the

forestry department will give a moving picture entertainment in the hall starting at 8 p.m.

Mr. and Mrs. J. Lowe have as their guests Mr. and Mrs. Thompson and friend from New Westminster. This is Mr. Thompson's first visit to the valley, and he expresses himself delighted beyond all measure.

The Oyama Anglican Sunday School has started a small library with Peter Elliott as librarian. Already a number of books have been donated, but there is need for more. Contributions of suitable books will be gladly received at the library by Mr. Butterworth or the Rev. H. Pearson.

CARTEL COUNCIL SETS \$22.50 TON PRICE BULK MACS

(Continued from Page One)

of the movement of McIntosh it would be necessary to meet this competition and not to let the non-cartel committee shippers dispose of their total holdings while the cartel members sat idle. To meet the new condition the committee recommendations as already referred to, were made to the meeting of the Council.

Will Crucify The Wealthies

Doubt was expressed by R. H. MacDonald, Vernon, that the \$30.00 price would be held by the members outside. Last year the price started at a good figure but inside two weeks was down to \$15. When he intimated there might be a breaking away by shippers to meet the tonnage outside, he was reminded by Major McGuire that Cartel Council members are bound to observe the regulations. Mr. MacDonald said that 40 per cent. of the Wealthy crop is still in the valley and the opening of Macs at this time and at the price recommended will crucify the Wealthies.

The reply by Major McGuire was that it was not the wish of the cartel to set such prices or to open Macs at this time but if they held off shipping Macs until September 20 and allowed those outside to continue to sell at \$30.00 the ton, they would get a lot of bootlegged tonnage. In his opinion there are two alternatives. They should either ignore the tonnage outside, which Major McGuire recommended, or they must meet their prices.

With McIntosh at \$22.50, the price of Wealthies will go lower, said A. T. Howe. He contended that the export trade is developing nicely, there is a danger that we will have a shortage on our market and thus pave the way for importations from the United States. He suggested interviewing the shippers outside and informing them that unless they came in, a cut would be made.

The suggestion was advanced by Paul Hayes, Kelowna, that they take 5 per cent. of the tonnage, put the price down to \$15, and go after the shippers outside. He expressed the opinion that it would not be necessary to use the whole of the five percent. When the growers shipping through those outside saw what was happening they would have a say with those shippers.

That Rowellie would be through shipping all the McIntosh apples contracted through him by Monday morning, was the opinion of O. Jennings, Kelowna. He had a very small tonnage, J. Montague, Vernon, said he understood he had access to all the shippers.

Making Sales Difficult

It would be hard for those outside to make their \$30 prices stand, said D. E. Oliver, Kelowna, if the cartel made a lower price effective immediately.

Would Ignore Tonnage Outside

That the non-cartel tonnage should be ignored, was the position taken by O. Jennings. He would have the council follow the original plan, set proper values and hold to September 20 as the date of release. To open earlier would have a serious bearing on the unsold Wealthies. Jos. Montague agreed regarding the price but advised the immediate opening of McIntosh.

To Force Tonnage In

Place a \$15 price of McIntosh until such a time as the outside tonnage joined the cartel, advised D. McNair, Vernon. The committee recommendation weakened the cartel with the trade. The original decision to hold McIntosh until Sept. 20 was a good decision as nobody wants immature McIntosh. Wealthy apples were moving well and the price could have been maintained and faith kept with the trade. The outside tonnage was forcing the situation and he advocated a \$15 price until those outside saw the error of their ways. The suggestion of purchase of the outside tonnage was good business but might be disastrous for another year. In his opinion the cartel business was sound, the more it is studied the better it looks. The only way is to bring those outside in. Other means have been tried, it remains to exert pressure.

Recommendation Meets Situation

Opposition to a \$15 price as a means of forcing tonnage into the deal was voiced by R. B. Staples. He said he would "sooner see the cartel disbanded and the deal thrown open, than to set a low price it would be difficult to raise at a later date. He urged that the committee's recommendation would meet the situation.

E. J. Chambers said that in his opinion it might not be a bad sale to dispose of a hundred thousand boxes of McIntosh at \$22.50.

In view of the export demand and other features of this season's marketing, the trade has this year to come to the cartel for apples, said A. T. Howe. He would not let three shippers outside control the 95 per cent. of the tonnage inside.

Why not pay their growers \$25 a ton for McIntosh, asked George McKenzie, Kelowna. The reply by Mr. McNair was that it has been suggested that they might purchase the tonnage from the non-cartel members. To do so would be to create a dangerous precedent for other years.

Mistake to Make Bulk Price Attractive It would be a mistake, said E. J. Chambers, to make the bulk prices attractive. There are lots of apples avail-

Burrows Suggests New Means For Financing Growers' Organizations

Would Secure Division of Fees Derived From Compulsory Inspection Service

Capt. L. F. Burrows, Secretary of the Canadian Horticultural Council, Ottawa, suggests a new means for financing fruit growers organizations, and the Canadian Horticultural Council. The suggestion was made at the meeting of the executive of the British Columbia Fruit Growers' Association held in Kelowna on Thursday afternoon. A resolution of approval was passed.

The proposal is that inspection of carlot shipments of fruits and vegetables outside the province be made compulsory and that for this service, as at present, a \$3.00 fee be collected. It is proposed that the Government retain \$1, and turn back \$2 to the Finance Committee of the Canadian Horticultural Council partly to be turned back to the associations representing the growers of the commodities contributing.

It was originally proposed by the Hon. Mr. Motherwell, then Minister of Agriculture, that the various inspection services, such as meats, butter, eggs, etc., be made self sustaining. When Mr. Motherwell made the proposal, the fruit interests signified their willingness to accept it provided the others did also. The inspection service was made optional on fruits but the fees have never been imposed on the other commodities. It is now proposed to continue it on fruits and vegetables, make inspection compulsory and from the funds collected to pay for the service and to finance the growers' organizations.

The motion passed as follows: "That the B.C.F.G.A. endorse the principle that two-thirds of the car lot fruit and vegetable inspection fee of \$3.00 be returned to the Canadian Horticultural Council for financing the council, and that if the principle is endorsed by the various organizations that they get an amendment to the Dominion Fruit Act."

Vigorous opposition was voiced by G. E. Atkin. He asked that his opposition be recorded, not necessarily in opposition to the proposals but because he wants to know more about the proposals and how they would work before assenting to them.

Imposition of custom duties on importations of fruits and vegetables is based on a seasonal tariff, plus a value for duty purposes fixed under authority of an order-in-council. This means, said Capt. Burrows, a constant reference to values and rates of duties. It means that there are always opportunities for revision, reduction or removal of the protection afforded this valuable industry.

It is little protection for growers who are planting fruit trees to have the rate of duties always in flux. It is being fixed, the Canadian Horticultural Council is endeavoring to arrange for a tariff which will not include this feature of values for duty purposes.

At present the seasonal tariff sets the value on apples at 3/5c, then there is the added 1c a pound, a total of 1 3/5c. At any time the 1c may be cancelled leaving only 3/5c. Efforts are being made to have this permanently fixed at 1 1/2c without any fixed value. Because it is necessary to communicate with some individual and to secure immediate replies on such matters, Capt. Burrows asked if it is agreeable to the B.C.F.G.A. if he communicates on this matter with E. J. Chambers.

The B.C.F.G.A. executive was unanimous that he should do so, the opinion being expressed that there is no one better posted or fitted to deal with such a question.

ST. PAUL MINE AT HILTON CLOSED DOWN

HILTON, B.C., Sept. 12.—Mr. and Mrs. E. Rennie, and Miss Norma Rennie, of Sardis, who is staying with her brother, have taken a cabin at Kalamalka Lake for the packing season. Herma Schultz is looking after the ranch during their absence.

Reuben and Hugh Brown have closed down operations on the St. Paul mine for this season, and have returned to their homes in Bellingham, Wash. Bernard Hines, Charles Hanson, John Chamberlain, and Ernest Hines, have gone to the Big Bend to work on a mining prospect.

able outside the cartel and many growers would quickly respond to an offer of one cent a pound.

On Sept. 12, T. T. McNair, said that Kelowna shippers appeared to be of opinion that the Rowellie tonnage would not last long, would it not be advisable to make low prices for a time and then raise them.

That this would be a good policy was agreed to by E. J. Chambers unless it should prove to be good business to so sell undesirable sizes. All apples that are sold in the next ten days at \$22.50 a ton won't greatly hurt the McIntosh grower. The suggestion of \$15 a ton Macs would mean the dumping of 50,000 to 60,000 boxes of Wealthies.

The basis for the statement that Rowellie is nearly through shipping McIntosh apples, was doubted by E. B. Staples, Kelowna. He said he was only shipping a car a day and that between them the shippers outside the cartel have between 60 and 70 cars and this without any estimate of what might be bootlegged to them.

Hard For Casorso

That a low price for a short time would go very hard with Casorso, was a statement by Mr. Fitzpatrick, Kelowna, because Mr. Casorso is a grower who has a lot of McIntosh apples.

R. B. Staples said it was doubtful if Rowellie's operations hurt them much. Had those asked \$30 a ton and it may be that the market will not stand any more than the committee recommended, \$22.50. If Rowellie cuts down to meet them he may only be able to pay \$10 or \$17 to growers shipping through him.

TREPANIER WATER USERS IN TROUBLE

Peculiar Situation Arises When Water Is Shut Off Orchard Without Due Notice

PEACHLAND, B.C., Sept. 12.—The Trepanier water users are in difficulties over a situation that has arisen lately. It is alleged that some time ago, when one of the orchardists of that district was delinquent in his water payments, his water was shut off by one of the members of the committee in charge of the water administration. It is understood that the water was off on this orchard for ten days or two weeks, when each of the other water users received notification of the fact that 30 days' notice was required before water could be shut off, and this not having been done, they were liable to a penalty of \$50 per day for each day that the water had been off. It is reported that the Water Office suggested that the member of the committee responsible for the shutting off of the water should resign, and he did so.

A meeting was called for last Thursday night. At this meeting it is said that they were advised that if the lawyer's fees and expenses in the case, amounting to something like \$25, were paid, the matter would be closed. A vote was taken whether to pay these expenses or not and it is reported that an interesting situation occurred. The majority of the water users, but the minority in acreage voted "yes," but the majority in numbers and the majority in acreage voted "no." As Trepanier always votes on acreage, the "nos" had it. The "yes" in the case, objecting to be controlled by a very small number of growers in a case where a large sum of money might possibly be involved, decided to write to the Water Controller's Office at Victoria and lay the whole matter before him. The outcome will be awaited with interest.

School started again Tuesday morning with no change in the teaching staff. E. Bowring is in charge of the High School room, Miss A. Stewart is principal of the two Public School rooms, with Mrs. E. Lee in the primary room. During the summer two of the rooms were kalsomined and the whole school thoroughly cleaned ready for the re-opening.

Institute Meetings Resumed

The Women's Institute met again on Friday afternoon, after two months' vacation from meetings. The report of the fall fair and flower show was very satisfactory in every way. The attendance was good and the general public contributed their interest and attention to the fair. The committee in charge raised the amounts on all the prizes so that the prize winners were more than satisfied.

Mrs. Lang, who is a member of the executive of the committee in charge of the Kelowna preventorium, reported that she had been present at the opening of the preventorium last week. She gave a detailed description of the building itself, and also the arrangements that were being made for its management.

A quilt was on display that had been donated to the Institute by Mrs. E. Trimble, of Kelowna, a former president of the Kelowna preventorium. This is later to be raffled in aid of the funds. The roll call was answered by a joke and the various contributions were much enjoyed. Tea was served by Mrs. A. Smalls, Mrs. Stewart, Mrs. W. D. Miller, Mrs. Twinnam, Mrs. G. Jones and Mrs. Ling.

Fruit Growers Secured Larger Share of What They Asked For Than Other Empire Producers

Representatives of Growers From All Parts of Empire Worked In Harmony

"No other section of agriculture came so close to getting all it asked for from the Imperial Economic Conference, as did the fruit growers," declared Capt. Burrows, Secretary of the Canadian Horticultural Council, addressing the executive of the B.C.F.G.A. during his recent visit. There was, said he, the finest spirit of co-operation and of confidence. Representatives of growers in England, Australia, Canada, South Africa, and New Zealand worked in the closest harmony.

It is proposed to continue this harmony and the good work thus begun. It is the intention to form an Empire Fruit Producers' organization to discuss marketing, advertising, and other matters. It is planned to meet in London next fall.

With producing sections of Empire now all have a clear idea of the marketing arrangements in all parts of the empire. Each has its good points. The idea in forming an association is to

OBITUARY

William Hollingsworth

The many friends, which William Hollingsworth formed during the course of 35 years residence in the Okanagan were grieved to hear of his death at about 6:30 o'clock Monday morning at the Vernon Jubilee Hospital. His death followed several years of heart trouble and six weeks spent in the hospital as a patient. He was 74 years of age.

Born in Kansas in 1858, the late Mr. Hollingsworth in his youth sought the North-West as a site for his trapping and ranching activities. In the Okanagan he most frequently worked in the Shuswap and Cherry Creek territory.

For the past five or six years, however, the deceased was best known for his boat-tiring business in the Sugar Lake vicinity.

In 1930 Mr. Hollingsworth visited friends and relatives in California, and last year he was the guest of his son, George, at Cashmere, Wash. It was while he was away on the latter visit that an erroneous report of his death was circulated in this district, with amusing consequences when he returned to renew acquaintances with those who had mourned his supposed passing.

Surviving the deceased are his two sons, George of Cashmere, Wash., and Ray, of Rockport, Wash., who were both in Vernon at the time of their father's death; and two daughters, Mrs. Mary McCoy, of Cle Elum, Wash., and Mrs. Maud Sontron, of Friday Harbor, Wash. He had been separated from his wife for a number of years.

The funeral was held at 2 o'clock Wednesday afternoon from Campbell's Undertaking Parlor, with the Rev. Dr. Jenkin H. Davies officiating, and interment was in the Vernon cemetery.

Mrs. Robert Lambly

KELOWNA, B.C., Sept. 12.—The death of Mrs. Robert Lambly, in her 73rd year, at her home in Glenmore last Saturday, is a matter of regret to her many friends throughout the entire Okanagan.

The deceased came to Canada from Malton, Yorkshire, England over 72 years ago at the age of 8 months in a sailing boat, which took three months to reach the Eastern Coast. The family consisted of mother, father and three sons, and a daughter, all of whom are now dead. The father was Edward Postill and his two brothers, Alfred and Ted, are buried on the old Postill Ranch. A brother, William, died in Calgary, where he ranched for a number of years.

After farming near Bothwell, Ont., for about seven years the family moved to New Westminster over 60 years ago, reaching there by train via Salt Lake to San Francisco, then sailing from San Francisco to Esquimalt and New Westminster in a sailing ship. After about two years in New Westminster the family started for the Okanagan to join the eldest son, Alfred, and Thomas, who had bought the old Postill Ranch, known for many years by their name, from George Simpson.

Travelling by stage over the old Hope-Lytton road to Vernon, the father died, leaving Mrs. Postill and the three younger children to finish the journey down the trail to the Okanagan, where they reached home in home-made ox carts, arriving at the ranch in 1873 where Mr. Postill was buried.

On June 16, fifty-four years ago, Lucy Mary Postill married Robert Lambly, then living in Enderbury, where they continued to reside for 16 years. Then they moved south to the Okanagan where they continued to live with the exception of five years which were spent in Alberta.

Mrs. Lambly leaves to mourn her loss her husband, Robert, two daughters, Mrs. Frances Postill, and Mrs. A. H. Crichton, both of Kelowna, and one son, Robert, at home in Glenmore, and eight grand-children.

VERNON IS TO HAVE A WOMEN'S CANADIAN CLUB

Nominating Committee To Report At Meeting On September 26

Thirty ladies of the city met in the Board of Trade room, Tuesday evening, September 13, to formulate plans for a Women's Canadian Club.

At the request of the meeting Mrs. A. J. Doull, occupied the chair and directed the discussion. Mrs. Maurice Middleton acted as secretary for the meeting.

By a standing vote it was the express wish of the meeting that a Women's Canadian Club be organized in Vernon. A nominating committee was chosen to draft a constitution and to suggest an executive, to report at a meeting to be held in the same place, at the same time, on Monday evening, September 26. The nominating committee is Mrs. G. O. Tassie, Mrs. J. B. Dedmore, Mrs. P. Dickson, Miss Curtis, Miss Gleggish, Miss Ellison, Mrs. W. S. Harris.

A membership of fifty was set as the minimum with which to organize. Each woman present signed her name as a prospective member.

Share of What They Asked For Than Other Empire Producers

maintain the harmony of interests established and if possible to act in unison in seeking to maintain the favorable position won.

R. H. Macdonald, President, informed the members of the executive of the B.C.F.G.A. that Capt. Burrows had done excellent work in bringing together the fruit interests at the Economic Conference and that a large measure of the understanding and harmony that prevailed and the splendid results achieved were due to Capt. Burrows untiring and well planned activities.

Advertising Is Needed

The B.C.F.G.A. ought to assist in interesting the shippers in domestic advertising of apples. Capt. Burrows stressed the value of a united effort in stimulating the demand for apples. The radio can give spot messages which must be supplemented by carefully prepared newspaper advertising to get results. Capt. Burrows asked the members of the fruit growers' association to assist in bringing pressure on the shippers to the end that they do some well planned advertising.

MARIE LOUISE SCHAFER, President.

Town and District

Ivan Crozier was a visitor in Kamloops last week.

J. R. Kinghorn, of Sorrento, was a visitor noted in Vernon on Tuesday.

Mrs. Cecil Culler returned on Monday after a short time spent at the Coast.

Diast. Forester G. P. Melrose, of Kamloops, was a visitor in Vernon on Tuesday.

Old-timers of thirty years in the valley are to gather at Armstrong on September 22, at 12.30 noon.

Miss Kathleen Blakey, R.N., of Anyox, was a week-end guest at the home of Mr. and Mrs. R. G. Kearney.

Mrs. J. T. Hastie, of Vancouver, was a week-end visitor in Vernon, the guest of her daughter, Mrs. Gordon Allen.

Mrs. A. Baldie and daughter, of Vancouver, spent the week-end in this city as the guests of Mrs. Charles Young.

Members of the United Church choir and their friends enjoyed a corn roast at Kalamalka Lake on Wednesday evening.

H. Prior, of Vancouver, left for Nelson on Wednesday after having been the guest of Mrs. A. E. Bristow for a few days.

Mr. and Mrs. H. H. Evans left on Tuesday for Edgewood, where they have been asked to act as judges at the Edgewood Fall Fair.

After visiting J. S. Bailey, of the Commonage, during the summer months, M. Siddons left for his home in Edmonton on Monday.

After a holiday spent at Otter Bay, Mr. and Mrs. Frank Briggs and Mr. and Mrs. W. D. McTaggart returned to their homes in Vernon last Friday.

R. Schmidt, a graduate of the Concordia Lutheran Seminary, St. Louis, is visiting his home in Vernon prior to leaving for the Argentine as a missionary.

Mr. and Mrs. Cleaver Hughes and their three children returned to their home in Trail last week after a short time spent in Vernon. They were met at the station by Mr. and Mrs. Leigh Hughes, who was accompanied by F. R. Pearce.

Miss E. M. Lauder and Mrs. R. D. Kenny, who were recent visitors here, returned to Kamloops last Friday. Miss Lauder was a judge at the Lumby Fair, and will also judge at the Interior Provincial Exhibition at Armstrong.

At a quiet wedding solemnized at All Saints' Anglican Church on Saturday morning, Diane Christen became the bride of Frank Armstrong, of Armstrong, the Rev. H. C. B. Gibson officiating. The bride was attended by Miss Emily Hrycenko, while S. Stevenson supported the groom.

Friends gathered at the home of Mrs. L. Drew last Thursday evening to congratulate her upon the occasion of her 63rd birthday and to enjoy a social evening together. Mrs. Drew was also the guest of honor at a picnic luncheon at Shuswap Falls, and at a dinner at Lumby on the same day.

A medal round was played by the ladies of the Vernon Golf Club last Saturday, Mrs. Bott donating a prize for the best score. The competition was won by Mrs. F. E. Pettman, with Mrs. C. Bross as runner-up, and the latter also won a prize for two hidden holes. Following the play Mrs. Bott entertained the competitors at tea.

Of interest throughout this district is the announcement of the wedding of Mary Grange, eldest daughter of Mr. and Mrs. Walter Prescott, of Alberni, and granddaughter of Mrs. J. Raymond, of Vernon, to Dr. Arthur Hakstian, formerly of Brantford, Ont., but who has been house surgeon at Tranquille for the past three years. The bride, very well known in this city, studied at the University of British Columbia prior to training at the Vancouver General Hospital, where she won the R. E. McKechnie medal when graduating. The young couple will make their home at Tranquille.

Tommy Wilnot, of this city, was the outstanding scorer when Kamloops won the Western Canada polo championship at the Calgary Club grounds last week. Playing No. 2 on the Kamloops quartette, Mr. Wilnot was responsible for six goals. The B.C. team finally defeating High River by 13-3. Members of the Kamloops polo club plan winding up their season with a handicap tournament this week. Mr. Wilnot accompanied by his father, Capt. E. M. Wilnot and "Pat" Murphy, Jr., arrived back in Vernon by motor last week, having travelled via the Kootenays.

In order to inspect the site of the proposed fish ladder at Shuswap Falls, Grote Stirling, M.P., of Kelowna, accompanied by Mrs. Stirling and their daughters, Mrs. G. O. Stirling, made a trip there last Thursday morning. Others included in the party were A. C. R. Yull, and Oryl Parkhurst, of the West Canadian Hydro Electric Corporation; Mayor Brown, President of the B.C. Fish and Game Association, and Major Allan Brooks. A great many salmon were seen jumping and Mr. Stirling secured data which he will use when urging the government to construct the fish ladder at the next parliamentary session. Following luncheon at the lodge, all the members of the party attended the Lumby Fair.

A large number of local small boys last Thursday evening were privileged for the first time to inspect the planet Saturn through the powerful three-inch astronomical telescope loaned by P. B. Lewis. The remote planet, with its entrancing system of thin rings, was very clearly seen, and the youthful astronomers also enjoyed a close scrutiny of the moon. Mr. Lewis is giving serious consideration to the construction of a twelve inch telescope, which would be sixteen times as powerful as the three inch type. Such an undertaking would require a great deal of care and patience, but would no doubt be welcomed by the many students of the heavens in this district.

J. B. Kidston returned on Saturday after a brief visit to the Coast.

Mr. and Mrs. G. C. Hyatt were Vancouver visitors in Vernon this week.

Mrs. O. Lennard, of Albert Canyon, is a visitor in Vernon, the guest of her daughter, Miss Anna Lennard.

Mrs. G. Lee, of Merritt, formerly of this city, has been a recent visitor here renewing acquaintances.

Guests at the home of Miss Ruby Howe in the Coldstream are Miss Gwen Hutton and M. Murdie, of Calgary.

After completing his work on the new All Saints' Church in this city, A. B. Norris left for his home at Victoria on Saturday last.

Mrs. A. H. Kenyon, of Ewing's Landing, accompanied by her daughter, Mrs. W. H. Colquhoun, of Vancouver, were visitors in Vernon on Monday.

A. H. Devonish, manager of the hotel system for the western lines of the C.P.R., accompanied by Divisional Superintendent J. J. Horn, of Revelstoke, was a visitor in Vernon on Tuesday.

Mrs. E. D. Watts, President of the Vernon Jubilee Hospital Association, states that there are very few readable books and magazines for the patients, and is making an appeal throughout the city for contributions.

C. C. Kelly, who is directing the governmental soil survey throughout this district, states that by the end of this month he will have completed his work in the Coldstream. Surveys of individual properties will then be conducted, particular attention being given to drought-spot and brown-core conditions.

A pleasant evening was spent at the Vernon Lawn Bowling Club last Friday evening, the occasion being the birthday of W. G. McKenzie. The latter selected a team and defeated E. Belgrove's rink by 15-11. After the game refreshments were served and all the players honored Mr. McKenzie by a hearty rendition of "For He's A Jolly Good Fellow."

George Anderson's threshing machine, while being used on a Ukrainian's farm in the Coldstream, was destroyed by fire last Saturday afternoon, the loss being estimated at \$600. Spontaneous combustion of the "smut" in the threshing cylinder was the cause of the fire, which spread around and burned up about ten tons of grain.

Bowlers have been invited from all interior points and four prizes will be at stake on Thursday, September 29, when in afternoon and evening contests the season for the Vernon Lawn Bowling Club will be officially brought to an end. The club has had a most successful year, with a membership of 64. Improvements to the greens and the installation of the new lighting system have enhanced the popularity of the sport in this city.

The inability of several players to make the trip to the Coast has upset the plans for the Vernon lacrosse squad, Okanagan champions, meeting the Province Bluebirds, winners of the Lower Mainland and the Island sections, in the final playdowns for the intermediate championship of the province. The playdowns were scheduled for today, Thursday and Saturday at Vancouver. The games may be arranged at some other time, officials state.

Earl Brett, accompanied by L. G. Fraser, hopped off from the Vernon airport in his Golden Eagle monoplane at about 6:30 a.m. last Friday, on a return flight to his home at Chilliwack. Mr. Brett, who with Ronald E. Bird, of Chilliwack, has staked three claims about six miles outside Armstrong, close to a railway siding, billed out the first carload of mica, forty tons, to B. C. Refractories Ltd., Vancouver. The deposits of the mineral there are of excellent quality, and a contract has been let to mine and load it at two dollars a ton.

To make a hole in one is a noteworthy feat for a golfer of any age, but to do the trick at about the time of one's 60th birthday is something very different. A. R. Watt, of Vancouver, attracted wide-spread attention recently when he sank his 140-yard drive while competing with younger men at the Coast. Mr. Watt was a week-end visitor at the home of his daughter, Mrs. D. N. Ferguson, in this city, and declares that his game is showing no signs of weakening and that he intends to score many more "aces" before putting his club away. A prominent golfer in the east in his younger days, Mr. Watt does not have to depend upon fluke shots to keep his score down nowadays. Systematically he continues to turn in low cards on the round.

An address outlining the aims and objects of Rotary and how to put them in practice was given to the club members on Tuesday evening by District Governor, Wm. McGilchrist, Jr., of Salem, Oregon. Following the meeting the District Governor conducted an assembly for club members discussing with them the practices which will tend to be of greatest service to the club and to the community. Pergus Matri sang several solos and W. L. Seaton accompanied him. The affair was at a supper meeting in the Kalamalka hotel. Mr. and Mrs. McGilchrist drove to Vernon from Kelowna after the monthly luncheon of the Kelowna club. They were delighted with the beauty of the Okanagan Valley. Following the supper Mr. and Mrs. McGilchrist were entertained at the home of President D. McNair.

GLORIOUS FALL WEATHER MARKS VISIT OF GOVERNOR

(Continued from Page One)

Interests are carefully watched by my ministers," he assured his large audience.

"Myself and my party," he declared in concluding, "will carry away with us the happiest memories of the great beauty of the Okanagan and the welcome which its people gave us."

Presentation and Introduction
The Governor-General's silver medal was then presented to David Lim Yuen by His Excellency, and Miss Muriel Smith, winner of the Governor-General's award last year in the Entrance division, was introduced to him. Following the laying of a wreath on the Cenotaph the Governor-General inspected members of the Canadian Legion, the Boy Scouts, Girl Guides, Wolf Cubs, Brownies, I.O.G.E., Women's Institute, and the City Band. He showed particular interest in a little group of Indians drawn up for inspection, in which were included Chief Pierre Louis and Councillor James Bonneau, of the reserve at the head of Okanagan Lake, and Chief Tomat, of Westbank.

Lady Bessborough received several beautiful bouquets. Price Ellison presenting one on behalf of the Boy Scouts, Violet Perrett and Jean Bradford for the Girl Guides, and Mylene DeBeck for the Brownies.

The party then visited Bulmans Limited dehydrating plant, and proceeded to the home of Mr. and Mrs. G. O. Nesbitt where they enjoyed refreshments before leaving for the Main Line on their special train at about 4:30 p.m.

Change in Plans
The original plans of Their Excellencies were to return to the South Okanagan by motor, but the news of the early opening of Parliament, it is understood, motivated them in leaving for the main line, en route east.

Lord Duncannon, the son of Their Excellencies, accompanied by R. Baring, his cousin, left on Monday from Vancouver for Montreal, from where they will sail to the Old Country.

PENTICTON, B.C., Sept. 13.—Brilliant sunshine smiled upon the visit of Their Excellencies, the Earl and Countess Bessborough, to Penticton on Tuesday morning. The Governor-General and his party were met at the station at 10 o'clock by a fleet of cars containing the Reeve and the heads of the leading social organizations of the district. The cortege then drove to the school building where a decorated stand had been erected at the top of the wide steps leading to the entrance. On the lawn and in the open space fronting this, the school children, to the number of nearly a thousand, were ranged on the right and a large crowd of interested spectators on the left.

Reeve Oliver read an address of welcome to which His Excellency responded in a few clear and well-chosen sentences of appreciation.

Presentations were then made to Lady Bessborough by the O.D.E. and other organizations, which, with the exception of a framed photograph of Lake Okanagan, took the form of flowers and fruit.

Their Excellencies held a short reception, after which a move was made to the large South lawn, where the Girl Guides, Brownies, Boy Scouts, and Sea Cadets were drawn up for inspection. Some decorations were bestowed and Lady Bessborough seemed especially pleased with the smartness of the Girl Guides.

After hearty cheers for Their Excellencies had been given, the viceregal party drove away to see something of the fruit industry of the district in the orchards and picking houses, and to make a trip through the south country to Oliver.

300 PERSONS HOMELESS
SPRAGUE, Ont., Sept. 14.—Three hundred persons are homeless here to-night, following a \$500,000 fire which practically wiped out the town. More than 25 homes were destroyed besides the business section. Ten million feet of lumber was burned, the fire having broken out in the lumber yards.

SOIL HEATING

BRINGS EARLY MARKET PRICES

WE are proud to announce the practical application of Soil Heating... a great step forward in the utilization of electricity. We believe this contribution will bring increasing revenue to Okanagan Valley growers in returns from early markets formerly enjoyed exclusively by southern producers.

Farmers, greenhouse operators and gardeners who are interested in this great development should get in touch with our nearest Light and Power representative, or write to our Head Office in Vernon for our booklet giving a detailed description of the apparatus.

GOVERNOR GENERAL VISITS OKANAGAN

POINTS of major importance in the Okanagan Valley had the honor during the week of entertaining Lord Bessborough, Governor General of Canada, Lady Bessborough and the members of their staff and party.

As of necessity their visits were of brief duration, but opportunity was had at all centres of visiting the chief points of interest. Members of the vice regal party were received with due pomp and ceremony, or as much of it as the circumstances permit. Their visit to many parts of the Dominion enables them to see Canada for themselves and to form some sort of hurried estimate of the nature of the country, and character of the people, the state of development that has been reached, and the opportunities and resources that are undeveloped. On their return to Ottawa, they will have added to their fund of knowledge and His Excellency will have increased interest in the people to whom he represents His Majesty the King.

At the points visited, there is, as a result, an increased pride in our British connection and a stirring of loyalty to the crown and person of both the Governor General and to His Majesty the King. British ideals come to the forefront and take on new values.

True, there are some heart burnings that the distinguished party could not remain longer at certain points. Some persons feel slighted over not being included in the number presented or given places of honor. Such irritations are trivial and soon disappear and in memory the visit of the Governor General and his party becomes a matter of community pride, an event of importance which others may be measured by.

Civic dignitaries entrusted with making arrangements have no doubt enjoyed the honor but on them has fallen a very great deal of work and worry. They win commendation where everything goes according to plan but any mishap would have called down on them plenty of abuse.

To Vernon and to the Okanagan Valley, the visit of the Governor General is a matter of community pride. The importance of the fruit and dairy industries is recognized and the undoubted loyalty of the people in the district receives a new impetus.

There is a warm welcome always awaiting the representatives of His Majesty the King, a welcome which is just a bit warmer because of the visit of the Governor General Lord Bessborough and Lady Bessborough, and party.

WEAKNESSES OF DEMOCRACY

NO more unfortunate method of approach for a coalition government for the province of British Columbia, could be devised than the one which is being pursued by Premier Tolmie, or the Vancouver Province, or whoever it is that is pushing this plan.

It is announced with great gusto by the Province that Premier Tolmie will rid his cabinet of the excess baggage it has been carrying; that so and so identified in the public mind with the Liberal-Union, will be invited to join it; that former Premier Bowser is ready to take off his coat to come to the rescue of a section of the Conservative party which has lost no opportunity to revile him. The passage of more than two or three issues of the Pacific Coast newspapers without bringing forth something of this sort, would cause uneasiness. Then Mr. Pattullo, Liberal party leader, announces that he has never been approached by Premier Tolmie and that until he is approached he has nothing to say.

And so the show proceeds, while down underneath, hidden from the public gaze the political pot is brewing the concoction which it will presently ask the people of this province to endorse at the polls.

What are we to do? As a people we are sick to death of the names of political parties and leaders. We know that the parties do not part, and the leaders do not lead. There were hopes that the Kidd committee composed of business men who from a high sense of public duty undertook a nasty job, might show the way out of the mess, and that qualities of leadership might be discovered to give the people new heart. The report they presented more effectively destroys this idea than the bombshell any political party might explode.

There is an aroused public opinion which will follow capable leadership to very great lengths, provided this leadership is not composed, allied to, or directed from some dugout by disappointed camp followers of either political party. The exasperated state of public opinion is both a danger and a hope. It is just as likely to fall in behind the wrong banner as behind the right one. We are having a very straight look at the weaknesses of democracy.

JOBLESS HERE AND EVERYWHERE

IN this province we hear a lot about the jobless from points on the Prairies who allegedly flock in here in the fall and winter to escape the severity of the weather on the Prairies.

There is another side of the picture. The High River Times, printed at High River in Alberta, presents a side we do not think about. It is informative.

After all, the jobless whether they belong to Alberta or to British Columbia, are Canadians. They may, like the writer, have been born in Ontario, have lived in Manitoba, and Alberta, been married in Saskatchewan, and be now making British Columbia their home. To which province should such an individual look for support in event of becoming one of the army of the jobless?

There is no question the Dominion welcomed these people with open arms, no matter where they came from. The incident of their becoming unemployed, in many cases was beyond their control. They are Canadians, and with our storehouses bursting with food, we are not the people to sit by and see them starve, but by the same token, we are not of the kidney to see them sit down on the necks of the workers and live by idleness, while the rest of us work far into the night to keep ourselves and our families in food, comfort, and incidentally to pay the taxes.

There have been periods in the world before this when a number of people did not work sometimes because they would not. There was such a period in the early history of the Christian church when a section of the people would not work because they were looking for the second coming of Christ, and thought they need not. Writing to them, Paul the Apostle, in II Thessalonians, third chapter, tenth and eleventh verses, says:

"For even when we were with you, this we commanded you, that if any would not work neither should he eat."

"For we hear that there are some which walk among you idly, working not at all, but are busybodies."

The editorial in the High River Times under the caption of "B.C. Jobless Here" follows:

"It has been observed by anyone in touch with the workless transients who have entered the town that the majority are from B.C. They seem a good type on the whole, and from their appearance should be able to pick up and keep any harvesters job. They have been fed generously by local citizens, and will no doubt drift back to B.C. when the harvest is over, with quite a proportion of the Alberta wages. This should simplify relief for B.C., not only at the present but for some time in the fall. But what is it doing for Alberta?"

"It is taking money out of the province which should be spent in the province. It will increase the burdens of Alberta in the matter of direct relief. It will pro-

Always Shining

Never once since the world began
Has the sun ever once stopped shining.
His face very often we could not see,
And we grumbled at his inconstancy;
But the clouds were really to blame, not he,
For behind them he was shining.

And so behind life's darkest clouds
God's love is always shining.
We veil it at times with our faithless fears
And darken our sight with our foolish tears;
But in time the atmosphere always clears,
For his love is always shining.

—JOHN OXENHAM.

baby mean, higher taxation all round, both to farmers and townpeople. It will mean less butter and eggs, meat and vegetables bought within the province. Every time a B.C. or Ontario workman displaces an Albertan in the harvest field, it means a few dollars loss to the province. Or, if the workman from another province remains here, it means heavier relief in the winter.

"It seems unchristian and unbrotherly to suggest that these orderly, well-behaved troops of men from the east be told to move on. And yet with every province obliged to finance as best it can, with no comprehensive, Dominion program, it seems necessary that workmen from Alberta should be given first chance."

"Although it would not be possible to check with perfect assurance, the identity of a man's province and home, some effort might be made."

"It is after all, up to the individual farmer, whether he is interested or not in his own taxation, the financial welfare of his own province. To an onlooker, it seems as if the United Farmers might have given a definite lead in this matter of employment, by adopting some policy that would at least give preference to Albertans."

What Other Editors Say

THE JOB OF THE TWENTIETH CENTURY

VANCOUVER SUN.—Three events of the last three days should shake capitalist civilization into its senses, and make it realize where it is heading.

Two of those events are statements indicating "a complete financial collapse of Europe within the next few months," by Ramsay MacDonald and Col. Amery; the other the resignation of Dr. Brüning, foreshadowing Germany's collapse.

Mr. Amery suggests that an Empire Central Bank might postpone trouble for the Dominions. Mr. Amery wastes words.

When Kreuger and Toll blew up in Sweden, the International Match Company in United States blew up with them. The day that capitalism collapses in Europe, that same day capitalism collapses in Canada and United States. Let no one misunderstand that. Capitalism is not wealth; it is a system. It is a system upon which has been built the business and finance and trade of the world.

Is our world ready to discard that system? Have we a better one to offer?

Like the old feudal system of 500 years ago, capitalism may have lived its life; we think not.

Which, Europe, or North America, has most to win or lose by a collapse of our present capital system? Whose job, then, is it to modify and retain the capital system of Canada and United States until we find a better one?

When a father near the end of a life of hard work turns a prosperous farm or business over to his son, what must he feel like in his last days, watching farm and family go to rack and ruin while the boys haggle over responsibility?

What must our forebears think as they ponder the political and business stewardship of Canada and United States that finds 8 million unemployed walking our streets with empty stomachs, empty homes, and at the same time, political and financial leaders, and empty hearts, while our political and financial leaders, either have no foresight, or lack the courage to see and do what should be done.

What has been done by our forefathers of the past few hundred years?

What has now to be done, looking to the future?

The Seventeenth Century laid the foundation of modern science and the inductive method based on it by means of technical inventions such as the telescope and microscope and the writings of such men as Galileo, Bacon, Descartes, et al.

The Eighteenth Century saw the victory of the Enlightenment. Men got their civil and religious liberty and their ideas of free trade from types like Voltaire, Rousseau and Adam Smith.

The Nineteenth Century solved the great problem of power and soil production. The Watts, the Darwins, the Edisons, made possible the production of vast quantities of industrial products and soil crops. In this period there was put at man's disposal, machines and soil knowledge whose productive capacity for the wants of man can be expanded to almost any extent he pleases.

The Twentieth Century job is to economically distribute those huge piles of products. It is to re-create the social world in accordance with the new material which science and technical mastery have created. That is a gigantic job. What the Western world is trying to do is to tackle its new 20th century job of distribution, and at the same time, pack along a mountainous pile of 400 billion dollars (League of Nations' figures) of accumulated world debts.

Is it desirable to do that? Can it be done without disaster?

Is the objective economy of the Twentieth Century the keeping alive of debts and high interest rates? Or is it not the distribution of goods, and the keeping of our people happily alive and contentedly employed?

Are not the Bennetts and Howers paying too much attention to the life and wages of money, and too little to the work and wages of men?

Is it the business of this century to perpetuate the earning power of money or to expand the earning power of men?

The councillors elected were Robert Wood, J. A. Cameron, T. N. Hayes, and Donald Mathieson.

BLAZE DESTROYS PENTICTON PLANT

Penticton Purity Products Company Plant Total Loss—
Damage \$70,000

PENTICTON, B.C., Sept. 12.—Last Saturday night a disastrous fire wiped out the plant of Penticton Purity Products Company, near the C.N.R. wharf. Starting in the early hours, the fire was not discovered until half past four in the morning, by which time it had already gained such headway that there was no possibility of checking it. Chemicals needed in refrigeration, a quantity of sawdust used as fuel, and the nature of some of the stores, such as butter, all helped to render the building a maelstrom of flame from which nothing could be saved. The loss is estimated at \$70,000, not totally covered by insurance. The spot is quite near the site of a severe fire which occurred two or three years ago when the Penticton hotel was destroyed.

School re-opened last week with the unprecedented roll call of nearly a thousand pupils. With the ending of the holidays, church and secular organizations are planning their seasonal activities. The Penticton Dramatic Society held its annual meeting in the Oddfellows' Hall on Sept. 7. The United Church held a ten-and-a-half-cent cookery in the Church Assembly Hall on Saturday, with excellent financial results.

Inspiring Address

On September 9, the Rev. T. E. Rowe, of Vancouver, gave an eloquent address in the Anglican Mission Hall. He chose for the subject of his lecture, "God's Purpose For Man." God, said the preacher, has set in motion vast stores of energy, which man can lift in himself from the physical plane, through the mental, into the spiritual; transmitting this energy into ever higher and more complicated forms, until, by the subject of his lecture, he has been completed on the Christ pattern of unselfishness, purity, kindness, love. Mr. Rowe is the head of the Guild of Health in Canada and is at present on an extended missionary tour.

A severe storm visited here on the night of Wednesday, Sept. 7, during the course of which, at about 1 o'clock, all the electric lights in the city went out. The darkness only lasted a few minutes.

Labor Day was marked in Penticton by extra zeal for all forms of athletics, beginning with golf immediately after breakfast, and finishing with a crowded dance held at the Aquatic Club. The Golf Club staged the opening of the fall season on that day by an important match for the Spencer Cup. There were 27 competitors, and the victory went to Harold Nichol, a young but brilliant player. Other events were won by T. M. Syer, C. Forman, W. X. Perkins, and G. A. B. MacDonald.

Public sports were held under the auspices of the Knights of Pythias, and included, besides baseball and football matches, foot races, auto polo, and a motor cycle race. There was a tug-of-war between the Boy Scouts and the Sea Cadets, in which the former proved the heavier team.

The members of the Bowling Club carried their talents out of town to the tournament held at Salmon Arm, where the Penticton lady bowlers defeated the Blaney-Caldwell Cup, and with it the Okanagan championship.

In the evening a car was drawn for H. Hopkins, of Blakeburn, being the winner.

MARA NEWS ITEMS

MARA, B.C., Sept. 12.—Mrs. A. Bolans and her mother, Mrs. M. Ditchfield, of Banff, Alta., arrived on Saturday morning's train, to spend two weeks with Mr. and Mrs. William Kenyon here.

Mrs. W. Peters, of Victoria, and Mrs. L. Smith, of Nelson, have been visiting their sister, Mrs. Frank Bodin, for the past week, leaving last Saturday for Nelson, where Mrs. Peters will spend the balance of her holidays.

Mr. and Mrs. William Hunt and George Ludwig were Vernon visitors last week.

James Bruce was a business visitor to Vernon on Monday.

E. Bennett, who has been sick for several weeks, is now on the road to recovery, and able to be around again.

Mr. and Mrs. Frank Riches and Mrs. Fredericksen, of Enderby, were Mara visitors last Thursday.

S. Taylor left on Tuesday for Winfield, where he has obtained work for several weeks.

Quite a number of the Finnish residents here, went to Camble last Saturday evening, where they attended the dance given there in the Finnish Hall. Mrs. Matt Teto and children, left last week for their home at Camble, having spent several days with her brothers, Sam and Gus Putala.

No telephone . . . so his house burned down

Byron Blank thought he was going to economize by having his telephone taken out. One night, soon after, his house caught fire. There was no telephone handy to call the firemen, so, of course, the place burned down.

It made Blank a sadder but wiser man. The other day, when he moved into a new home, one of the first things he did was to have a telephone installed. He knows now that he can't afford to be without the protection it gives.

B.C. TELEPHONE CO.

IMPROVEMENTS IN PEACHLAND WATER SYSTEM DEMANDED

Consideration of New Lines To Be Undertaken—Fire Protection Obsolete

PEACHLAND, B.C., Sept. 12.—At the regular meeting of the Council held Monday evening in the Municipal Hall, J. Hampson inquired if anything was being done regarding fixing up the domestic water system in his district so that a satisfactory flow of water could be assured the year around. Councillor Highway, chairman of the domestic water committee, replied that consideration of new lines would be taken up as soon as the busy season was over, and that everything possible would be done to keep the system efficient.

The clerk stated that he had been in communication with the Soldier Settlement Board regarding the Sanderson place, and that the Board was sending a representative up to interview the council later on in the week. An offer of \$75 cash for a portion of what was once the Keating lot was left to the property committee for consideration.

Councillor N. Martin, chairman of roads, and Councillor C. C. Highway, chairman of electric light and domestic water reported the details of minor repair and replacement work in their departments with general conditions satisfactory. Councillor Highway felt that something would have to be done regarding a new domestic water system at the next meeting.

Councillor Fulk, chairman of the property committee, called upon Fire Chief J. F. Hampson to report on a non-freeze chemical fire engine. These engines were priced at \$675, \$720, and \$800, depending upon the capacity. He reported that the present fire fighting equipment is obsolete, and that the people are not getting the protection that they pay for. The council as a whole thought that it would be better to get a new domestic water system with additional fire hose than to purchase a chemical fire engine.

That Naramata Road

A controversy has arisen over the recent construction of Naramata. Mr. McKay says it is a fruit road to end at his place. Mr. Wilson, of Paradise ranch, who has his own wharf where steamers call, asserts that it is to his place, 6 miles further on.

The writer sees in it a link in that infamous project, the Naramata Highway, which Kelowna has been trying to foist on a long suffering Province for many years.

A resident who has the privilege of paying heavy taxes, remonstrated with Mr. Jones on such extravagance at this time: the answer was severe, it contained a lecture on economy, "this is a ranch road only, not the Naramata Highway; Mr. Seeley's statements are not borne out by facts." Summerland and Peachland agree that it is a highway.

The Editor of the Penticton Herald drove it, recognized a highway, and said so in an editorial entitled "A Camouflage." Since then a barrage of letters from Naramata and Paradise has been directed against his editorial, and the West side in general. As camouflage it is clumsy, lamentably so, but clearly proves that they have something to conceal, for whether this is a one man road to McKay's, or a two man road to Paradise Wilson's, or as the Kelowna Courier, the leading paper in Mr. Jones' home town states, the Naramata highway, the fact remains, not one cent should have been sunk there, in face of the existing financial crisis. The editorial in the Courier on Aug. 11 states "It was understood that the Naramata camp was to engage upon improvement of the existing road from Naramata north, or such portion of it as could be utilized as part of the ultimate through road to Kelowna." This coupled with Mr. Jones' assertion is mystifying, particularly as Mr. Jones was at Naramata in June.

Let us now examine a few facts. There is to be viewed at Naramata a stretch of 30 ft. highway, recently constructed, leading nowhere, work is still proceeding, in spite of protests from many quarters. The camp at Naramata is large, it has accommodated from 60 to 100 men, and is on a concrete foundation; a steam shovel is in evidence, and a fleet of trucks, heavy blasting is still in progress. We are informed that it is merely relief work, paid for by the Province and the Dominion.

On the main highway between Penticton and Westbank Ferry there is no relief camp, but we find plenty of room for improvement. North of Penticton the road is a highway, and is still proceeding, in spite of protests from many quarters. The camp at Naramata is large, it has accommodated from 60 to 100 men, and is on a concrete foundation; a steam shovel is in evidence, and a fleet of trucks, heavy blasting is still in progress. We are informed that it is merely relief work, paid for by the Province and the Dominion.

North of the Ferry on the west side on a through road to all points north, in a settled territory, we find a perilous road, narrow, a succession of blind corners, at many places, one has a bare foot over wheel tracks, and a long drop. At one spot, condemned by the Engineer last year, where are holes drilled by his orders, but not covered through Kelowna interference last fall. We learn, on reliable authority that several cars have left the road, two since this work was stopped; from the last in July, one occupant was removed to hospital with an injured back and a fractured thigh. Those who stopped this necessary improvement last fall are responsible and should be compelled to compensate the sufferers. There will undoubtedly be a fatality on this road, unfortunately the wrong man is always killed, but it will be entirely due to the patronage and manipulation of road appropriations in the Kelowna office.

Proceeding North to Nahuan we find a relief camp, constructed last fall but never occupied, this point, long named the Golden Gate, would prove to any but a very careful driver, a short cut to Paradise (not Mr. Wilson's) or there is a sheer drop of many feet to Okanagan Lake, this is an ideal spot for relief work, but not, apparently, for electioneering. The residents as Mr. Jones has been informed, do not want a highway, although the travelling public may demand it, as the direct and natural route from north to south, but they do intend to have a safe road out.

The Province is interested, so is Ottawa, together they are paying the bill, the travelling public are overruled, at present they are forced to bump over neglected necessary highways, while thousands are being squandered at Naramata on something which level headed men say cannot possibly be completed or justified for 10 years; although the Courier demands it in 5.

Anyone interested in the economy which Mr. Jones has severely informed us is absolutely necessary, and with which we have been permitted to assist, should inspect this Naramata construction, before the weeds grow on it, it forms a magnificent monument to the abuses of party politics, and bears testimony to the intense need for a road commission, entirely immune from politics, with such a commission, we might, in time, obtain roads to be proud of, instead of a conglomeration of unfinished vote catchers, like our present assortment. Fair play is a British trait, in the Kelowna road department it has been entirely eliminated; it is to be hoped it is not also missing in Victoria.

On Oct. 1, 1931 Hon. R. W. Bruhn stated "We are not embarking on a programme of constructing new roads. We simply can't afford it, the taxpayers of this country had better realize now at the commencement of the unemployed relief programme that it will have to pay every cent it costs directly or indirectly. They had better realize too that there is a definite limit to our powers of financing, our program at the moment only includes new roads which we can finish in the visible future. We do not intend to embark on roads which we see no way of finishing with the money available, it would be folly in our opinion to start large road projects and then leave them uncompleted in the wilderness."

A more apt description of the Naramata construction could not be penned.

FIFTY PUPILS AT FALKLAND SCHOOL

FALKLAND, B.C., Sept. 12.—The Falkland schools re-opened on Tuesday last with over fifty pupils enrolled; there being quite a number of beginners this term. J. Magee is in charge of the Senior classes and Miss D. Polier of the Junior.

The Sunday Schools have also re-opened after the holidays, being held on Sunday morning in the United Church, also in St. John's Catholic Church.

Mr. and Mrs. Duvall, of Stratford, Ontario, are visiting Mr. and Mrs. T. Aitken.

Mrs. H. A. Wiseman, of Vernon, spent the week end here.

The Rev. A. Crisp returned on Friday after attending the presbytery meeting of the United Church held at Revelstoke during the week.

Mr. and Mrs. J. Frazer, of Enderby, were visitors here on Sunday.

Miss Marjorie Lynes, of Armstrong, spent the week end here.

Miss Hazel Tarry, of Revelstoke, is visiting her parents, Mr. and Mrs. P. E. Tarry. Miss Anne Crawford is also their visitor.

Miss Madge Frazer, of Vancouver, is also a Falkland visitor at present.

A. Gordon and R. Mascal were the guests of Mr. and Mrs. H. C. Beddoes during the week end.

Alan Fretz was a Revelstoke visitor for several days last week.

Mr. and Mrs. E. Schultz and son, of Duncan, are visiting Mr. and Mrs. Geo. Porrior.

KAMLOOPS MEN CAPTURE HONORS

Main Line Riflemen Win Four Out of Six Trophies At Armstrong Range

ARMSTRONG, B.C., Sept. 12.—Kamloops Rifle Club had their day, unmistakably, at the Armstrong Rifle range on Sunday, when in the course of a very delightful day's shooting on the occasion of the B.C. Interior Rifle match, the members won, as a team or as individuals, four out of the six principal prizes offered.

The Rocky Mountain Rangers Rifle Association, which organized the meeting, were down towards the tail of the list when the scores were reckoned up, but appeared to feel fully compensated in having given their friends from far and near what everybody agreed had been a most enjoyable time of sport and recreation.

Vernon Rifle Club got the one remaining trophy, the "Kirk," of Kelowna—the other four prizes.

Kamloops, however, dropped out of the picture when it came to the sweep stake, which was divided between Kelowna and Vernon men. The joint Penticton-Summerland team, though not in prize schedule, made a respectable showing, only 21 points behind the top-scorers in the grand aggregate.

The weather was all that could be wished for, fine and clear with little sun, except that the wind swung into the north at noon and blew gustily from that quarter for some time.

Range officer T. Aldworth and Secretary George Smith pushed things along briskly and got through a heavy program in record time.

Scores were as follows, five men teams, seven shots at each of three ranges, 525 possible:

Kamloops 1st, 142, 143, 145, total, 430; Vernon, 145, 142, 138, total, 425; Kelowna 2nd, 132, 145, 135, total, 412; Kelowna 1st, 137, 141, 131, total, 409; Penticton-Summerland, 134, 132, 129, total, 395; R. M. Rangers, 132, 120, 135, total, 387; Kamloops 2nd, 116, 136, 110, total, 362; Armstrong Militia, 88, 102, 76, total, 266.

Kamloops thus takes the Lehmann-Tyson challenge cup for top score at the three ranges, and Vernon Rifle Club the Armstrong City team cup for top score, 287, at 200 and 500 yards.

Robertson High Man
R. M. Robertson, of Kamloops, took the Armstrong high man cup for best individual score, 91, at the three ranges. He also took the spoon given for the best individual score, 33, at 600 yards. G. Phillips, Kamloops, took the Price Billson cup for best individual score, 32, at 500 yards. H. Kirk, of Kelowna, took the Skyrme and Robinson cup for the best individual score, 32, at 200 yards. Robertson tied with A. Thompson, of Vernon, for the yards-high, and also tied with Thompson and G. Hawes, of Kelowna, for the high aggregate, but won the shoot-off in each case.

Scoring of the Vernon and R.M.R. teams, individually, was as follows, figures being at two, five and six hundred yards, and total, respectively:

Vernon Rifle Club: A. Thompson, 20, 30, 53, 91; W. Leeper, 20, 27, 28, 84;

needed; the Minister must have had it in mind as he had just been there, under Kelowna escort.

He continues: "Another big point which should not be overlooked is this, if we build too many new roads at this time, we shall not have the money to maintain them properly when they are completed, the result will be that all the roads of the province will be inadequately maintained." We are experiencing this prediction now.

This straightforward statement from a practical man like the Hon. R. W. Bruhn is known to be, is hard to reconcile with the Naramata construction still proceeding.

STORE IS ROBBED FOR THIRD TIME IN THREE MONTHS

Large Amount of Clothing Taken From Dry-Goods Firm—Knew Police Movements

ARMSTRONG, B.C., Sept. 13.—The dry goods store of Foreman and Armstrong, and the Co-operative Society's grocery store adjoining, and communicating, were broken into by burglars on Sunday night, for the third time within the last few months. This raid proved to be the most serious of the three, for although the Co-operative did not lose by it to the extent of perhaps more than \$25, the dry-goods business was looted to the value of several hundred dollars.

The robbery was discovered by A. Marshall when he opened up the store on Monday morning. Entrance this time was gained through a window at the back of the dry-goods store, nearly fifteen feet from the ground, either by backing a car against the wall and climbing in from the roof, or by using some sort of a ladder. This is supposed to have happened some time between one and two o'clock, when a tradesman sleeping nearby was disturbed by the barking of his dog, and looked out from his window, but could see nothing amiss. Shortly after this time a car was heard leaving town which may have been that of the thieves. It must have taken away a fairly full load.

From Foreman and Armstrong's something like a dozen suits were stolen, a hundred pair of high grade stockings, a quantity of boots, overalls, underwear, and a variety of other articles. From the other store the chief plunder was cigarettes, of which the visible supply was again removed. The till was missing in the morning, but later on was found in the basement, with the dollar or so of change that had been left in it gone.

Whether the affair was the work of the same gang that operated here before cannot be told with certainty. But it would appear that the thieves were certainly in touch with the movements of the police, and had ascertained that on this occasion, for almost the first night for a considerable time past, Chief Constable Ellis was not on night duty. Having had a disturbed time the night before, he had retired about midnight on Sunday, instead of patrolling, as his wont has been of late, until a much later hour. But a few nights before, when he had also for once gone to bed earlier than usual, an attempt appears to have been made to break into another grocery store in the town, attacked was unsuccessful, the thieves were guarded with iron bars and they did not attempt to remove them.

To Amend Licenses

The Armstrong City Council at its meeting on Monday night, heard a number of communications from neighboring local authorities giving details of the license fees charged for public service motor vehicles. The practice appeared to vary considerably, and not the least so with respect to the stage bus vehicles running through the districts. Revelstoke and Penticton, it appeared, imposed varying license fees upon these, but from elsewhere it was reported that no licenses were demanded for the coaches, as they ran entirely, in these districts, upon the main roads owned and maintained by Government. As draft of the new amended schedule of license fees was not yet completed, the matter was once more postponed.

An appeal came to the Council, through the Clerk, from Magistrate E. Groves, for advice in the difficulty which he felt himself under at the present time, having regard to the fact that the jailing of offenders for prison terms in default of payment of fines meant the imposition of serious financial burdens on the city. Attention of the Council was particularly called to the case of an Oriental who had been fined some weeks ago, and had not only neither paid his fine nor served the alternative jail sentence that was imposed at the time, but had, it was reported, since renewed his serious offence. The Council expressed a strong opinion that justice should take its course at least in this instance, regardless of other considerations.

Percy Armstrong, 29, 26, 28, 83; C. Holmes, 30, 31, 21, 82; W. H. Hall, 29, 28, 18, 75. Grand total, 415.

Nearly thirty took part in the sweep-stake competition which was fired at the six hundred yards, when the rest of the program was over. Four competitors took the chance to shoot for the three prizes, the first and second of which went to Maxton and Chichester, of Kelowna, and the third to C. Holmes, of Vernon.

The prizes were handed to the winners by Captain Viers, of Kamloops, who said it gave him great pleasure to see such a good crowd from the neighboring districts on such an occasion, and he thought it promised well for such an increase in interest in rifle shooting as would lead up to some real good competition next year.

Help Yourself to New Life!

Especially if you feel weary or depressed. You'll be surprised how these delicious soft drinks will help you "snap out of it" and re-instate you with that tang and zest which brings back new life and energy.

OKANAGAN Special Dry Ginger Ale

"Second To None"

A real drink for any occasion. Exhilarating, refreshing, and a delicious thirst-quencher!!

Coca-Cola

A healthful, appetizing drink. Buy it by the bottle — You'll like it!

LIME KIST RICKEY

A drink that satisfies. Delightful flavor and a real "pep-producer!"

You'll find any of the above drinks very tasty with a light lunch, and you'll more than enjoy the change.
